

	Summer 2016	...	CD-0	CD-1	CD-2	...
Instrument						
Bands	center + tophat width					
Beams	gaussian symmetric, per band					
Detector noise	white + f_knee, per band					
...						
Observation						
Location	?					
Scanning strategy	f_sky + scan speed					
Atmosphere	N_l per band (scaled observed + extrapolated?)					
Ground-pickup	-					
...						
<i>Repeat instrument/observation specification for each platform</i>	?					
Sky Model						
Galactic foregrounds	PSM (FFP10)					
Extragalactic foregrounds + CMB secondaries	Fast n-body backend (NB)					
CMB	Planck 2015 (tau?) + r					
...						
Figure Of Merit						
r						
m_nu
